INVITATION
TO
SAMSUNG

Dear XXXX

On behalf of Samsung Electronics, I am pleased to invite you to our [Premium House] at IFA to present Samsung's unique premium living and special gastronomy experience.

This Premium House is designed in collaboration with two upscale furniture brands B&B Italia and Arclinea to visualize how Samsung Home Appliances can bring consumers a new stage of living and kitchen space.

In the Premium House, Samsung Club des Chefs and Michel Troisgros, a Michelin three-star-rated chef, will present an exquisite tasting menu specially prepared for our valued business partners as you.

Please join us at the launch and grace with your presence as our best partners. It would be a great opportunity to see how new innovation and unique design of Samsung Home Appliances create a new lifestyle for our consumers.

Thank you very much

Yours sincerely,

Boo-Keun YOON

Samsung GALAXY Tab S Untold Story

This book introduces the features and benefits of GALAXY Tab S, the smallest tablet device that delivers a full-size tablet experience. Distribution to consumers is starting at the time of the consumer electronics show.

Samsung
GALAXY Tab S
See the Difference

HARDWARE TECH LAB

**"The secret to slinness:
Screwless Construction and New Cutting Method"**

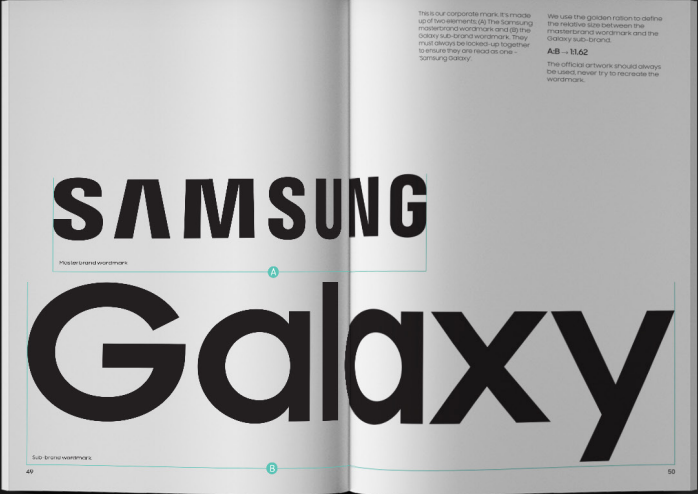

"To create a tablet with higher performance and lighter weight, we had to create a new structure that could change how the components came together while increasing protection for the enhanced display. The solution we came up with was "screw-less" and "cutting" methods. The screw-less construction that put the components together like puzzles eliminated the need for screws which make the product thicker, and the cutting inside the product helped decrease the weight. We designed, evaluated, and simulated thousands of times to make this durable structure possible for mass production. The time and resource put into this model - well, it's more than twice the effort we've put in ever before."

y with superior technology

diagnostic accuracy and operations
progressive technologies

Leverage high image quality
Rely on the redigeneration S-view imaging engine for high-resolution images delivered through superior processing and adaptive filtering. S-view provides excellent image contrast and sharpness for precise diagnosis. S-Detector with high Detective Quantum Efficiency (DQE) and a portable grid displays the patient's body structure clearly and easily without increasing dose.

Increase throughput efficiency
Samsung DR integrates wireless systems, delivers instantaneous data transmission, enabling more patients to be served. S-Detector's advanced lightweight design offers reduced fatigue and flexible patient positioning. In addition, user-friendly features like an intuitive user interface (UI) enhance workflow flexibility.

Improve operational excellence
S-Share promotes operational efficiency by providing S-Detector compatibility with Samsung DR systems, enabling continuous care. The flexibility reduces downtime, enables ongoing patient care and provides flexible support services.

Transform
the Healthcare Experience
with Samsung Digital Radiography Systems

SAMSUNG

EXPERIENCE
A New Healthcare
Solution

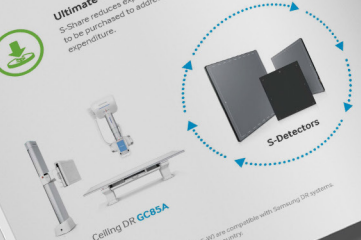

Improve operational excellence

Elevate productivity and continuity with S-Share
Patients and users alike benefit from the uninterrupted operation and enhanced efficiency provided by S-Share compatibility. With customizable configurations, S-Share helps direct daily detector to be used when a detector battery is low.*

Continuously reliable operation
Because uninterrupted operation is a critical aspect of quality patient care, Samsung DR equipment provides compatible detector usage with Samsung DR systems, enabling greater flexibility for continuous care. This compatibility minimizes downtime by enabling a detector to be used when a detector battery is low.*

Increased utilization for added productivity
S-Share improves operators' through the adaptable use of S-Detectors with compatible equipment. ** S-Detectors boost efficiency during busy exam times and daily patient loads, and also support in Emergency Rooms (ERs) and Intensive Care Units (ICUs).

Ultimate value at a lower investment
S-Share reduces expenses by properly configuring the number and size of detector to be purchased to address key clinical needs and deliver maximized output with lower expenditure.

Transform workflow
Ceiling Digital Radiography GC85A

Mobile DR GC85A

Mobile DR GC85A

Ceiling DR GC85A

GC85A-W is compatible with Samsung DR systems in all countries.

Key benefits

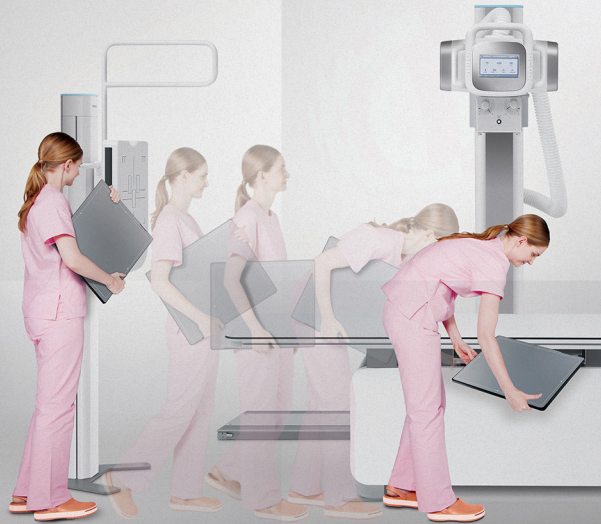

- Greater productivity and ability to serve more patients.
- Confidence in diagnoses through clear imaging.
- Strategic investment with continuous care.

Key features

- Smart Control for one-touch operation and flexible positioning.
- SmartControl available for both GC85A-W and GC85A-WI with high DQE that shows the patient's anatomical structure clearly.
- S-Detector GC85A-W, GC85A-WI, GC85A-WI with high DQE that shows the patient's anatomical structure clearly.
- Align for precise alignment that displays S-Detector's angle to the THU, automatically setting the angle within a certain radius.
- S-view imaging engine for precise imaging even with varied anatomical structures and shooting conditions.
- S-Share for compatibility of S-Detectors GC85A-W, GC85A-WI and GC85A-WI with all Samsung DR systems.*
- Low power mode, which lowers power consumption by more than 30% compared to Ready to Scan mode.

Efficiency at hand to drive performance

**ESSENTIALLY DIFFERENT
XGEO GF50**

The first floor-mounted DR equipped with a portable 1D wireless detector, XGEO GF50 provides the ultimate usability to deliver quality imaging in less time, allowing greater efficiency in diagnosis.

SUPERIOR IMAGING ON THE GO

**MOBILE DIGITAL RADIOGRAPHY
GM60A**

Deliver superior imaging with a reliable mobile X-ray system. Equipped with superior S-Detector and S-Vue™ imaging technologies, GM60A provides outstanding images that boost diagnostic confidence. Simplify workflow with a highly maneuverable system combined with convenient features that expedite operation.
